SUMMONS.

IN THE DISTRICT COURT OF THE STATE OF NEVADA, in and for the county of Washoe. The State of Nevada sends to M. Raphael Greening: You are hereby required to appear in an action commenced against you as defendant by Chas. Kalson, Plaintiff in the District Court of the State of Nevada, in and for the county of Washoe, and answer the complaint therein within ten days after the service on you of this summons, (exclusive of the day of service), if served in said county or twenty days if served out of said county, within and after which time you may file your answer. Judgment in default will be taken against you according to the prayer of said complaint. The said action is brought to recover a decree and judgment against you for certain mortgage made and executed by you in favor of Chas. Kalson, dated at Reno, Washoe county, Nevada, September 3, 1884, said mortgage being upon that certain real estate situated in said county and described as follows: town lots 11, 12, 23 and 24 in Block 2, in the new town of the town of Washoeville, being 50 feet front on the main street running back 180 feet, together with the two buildings thereon. Said mortgage was made by you to secure the payment of your certain promissory note made, executed and delivered by you to plaintiff of even date with said mortgage for the sum of \$1,000, due two years from date at 6 per cent per month interest. All principal and interest due on said note is now \$1,200.00. The complaint which is on file in the office of the Clerk of said Court at Reno, in said county, and to which you are especially referred.

And you are further notified, that if you fail to appear and answer said complaint, the said plaintiff will apply to the Court for the service demanded.

Testimony whereof, I have sworn my hand, this 17th day of April, A. D. 1890.

R. H. LINDSAY,
Attorney for plaintiff.

C. C. POWNING, Editor and Proprietor

DEATH OF JUDGE SABIN.

The telegraph records the death of Judge Sabin, at the Palace Hotel, San Francisco, at 8 15 o'clock yesterday morning, and although his sudden sickness was of such a character as to leave but little hope of his recovery, the sad news leaves a deep impression upon all his Nevada friends. Judge Geo. M. Sabin was an honest Judge, than which no greater compliment can be paid any man. He was a gallant Union soldier, and for that deserved well all that he received in this earthly sphere. He was appointed Judge of the United States for the District of Nevada by President Arthur, and has not only filled the position satisfactorily to the people, but has been of great use to the District Judges of California and Oregon. He was of a modest and retiring disposition, and had a warm and generous heart. He was a true friend and his loss is a hard one to bear by those who knew and loved him best. A strong man and a good man has gone from us.

It takes a wise man to travel cheaply these days, and it can be done in spite of the high rates of fare. The thing was illustrated the other day. A San Francisco Bulletin reporter happened to be present in a railroad office when a man bought a ticket for Denver. After the traveler left the agent told the reporter that the man was going only as far as Ogden. He explained this by saying that the ticket could be sold in Ogden, netting the original purchaser from \$10 to \$15. The fare from San Francisco to Denver was \$30. The fare from Ogden to Denver was \$22 50, and there was no difficulty in disposing of the ticket to a scalper or a traveler. Another extreme instance was the fact that a ticket could be bought at the same fare from San Francisco to St. Paul as to points in Montana, and as the fare from Montana to St. Paul was nearly as much as from San Francisco, by selling the ticket to the greatest advantage, a traveler could save nearly half of the original cost. This fact was well known to commercial men, who constantly make short trips, but to the average traveler was not.

The Railway Age says that from January 1st to May 1st, 1,100 additional miles of main line, exclusive of sidings, have been added to the track mileage of the United States. The greater part of this new road has been laid in the South, thirteen Southern States reporting 745 miles of new track, Georgia leading with 170 miles and North Carolina being second with 135 miles. The prediction is made that the construction in 1890 will exceed that of 1889, when 5,200 miles were built.

Bismarck, it is reported, is about to make public the story of his dismissal and the events which led to it, and the Emperor reminds the ex-Chancellor that a Penal Code of his own formation makes the revealing of State matters the subject of severe punishments.

The real estate men who started out to raise \$10,000 to advertise Salt Lake City in 6,000 newspapers through Loyd & Thomas have raised \$5,000 of that sum.

Frank P. Slavin, the Australian pugilist, has challenged Corbett to box in London for £1,000, to which sum the London Pugilist Club will add £1,000.

Beginning June 1st the Northern Pacific will put on two daily trains between St. Paul and the coast, shortening the time by half a day.

Drowned in the Columbia.

Special to the JOURNAL.

PORTLAND, Or., May 12.—J. E. Sherlock, of this city, was drowned in the Columbia river, near Coffin Rock, to-day. Sherlock was a passenger on the schooner Lovenia Olsen, bound from Tillamook to this place. In trying to dodge a swinging boom he fell into the river and the strong current carried him down.

Murder Trial.

SAN FRANCISCO, May 12.—The trial of John F. Naughton, charged with the murder of M. M. Herr, on the night of the third of February last, in the office of the Guarantee Endowment Association, of which Naughton was secretary, began to-day with the empanelling of a jury.

Another Man Killed for a Deer.

Special to the JOURNAL.

UKIAH, Cal., May 12.—Pomeroy Fields, of Oloverdale, and Wm. Hollingsworth, of this place, while hunting yesterday became separated and Hollingsworth seeing the brush more ahead of him, thought it was caused by a deer, and fired killing Fields.

The Courts Adjourn.

SAN FRANCISCO, May 12.—The United States Circuit and District Courts adjourned to-day out of respect to the memory of Judge Sabin.

SENATOR JONES' SPEECH.

IN FAVOR OF THE FREE AND UNLIMITED COINAGE OF SILVER.

A Batch of Interesting Telegraphic News From All Sections of the World.

Senator Jones on the Silver Question.

WASHINGTON, May 12.—Senator Jones spoke of the general unrest prevailing throughout the country. The prices of all commodities, he said, had fallen and continued to fall. When the fall in prices was found operating on the products of all industries, when it was found not confined to any one clique, country or race, but diffused over the civilized world, was found not to be characteristic one year, but to go on for a series of years, it became manifest that it could not rise from local, temporary or subordinate causes, but must have genesis and development in some principle of universal application. What was it that produced a general decline of prices in any country? It was the shrinkage in the volume of money relatively to the population and business. The world had never had a proper system of money. Property and speculation had been stimulated at times by great yields from the mines and when those mines were worked out, then came revolution and adversity.

He went on to speak of the natural ratio between gold and silver existing for 2,500 or 3,000 years, a ratio of 15 1/2 to 1, and said it was only since the legislative proscription of silver in Germany and the United States and its banishment from the mints of Europe that any material change in that ratio took place, and the present divergence in the relative value of the two metals was greatly due to the legal outlawry of silver, and not to any natural causes. It has always been the object of the creditor class to enhance the value of money by reducing the volume, so that when the gold mines of California and Australia were producing the largest yield, it was proposed to demonetize gold. The motion of demonetization in the case of silver as well as of gold was, Jones said, to aggrandize the creditor class of the world and confiscate as far as practicable reward to hardy toilers. He spoke of demonetization of silver by Germany after the war with France as having inflicted greater evils on her people than her armies inflicted on France and said when it began to have its effect a veritable hysteria on the German population began to take place. It surprise is felt at the selfish working of the privileged classes in Europe in the demonetization of silver, what, he asked, was to be said in defense of the United States remonetizing silver? No such acts of folly and injustice have ever been perpetrated by representatives of a free people. It had proved prolific of enforced idleness, poverty and misery. No better remedy could be applied than the absolute reversal of that legislation and putting back the monetary system of the country to what it was before 1873.

In regard to the bill pending before the Senate Jones said he had reported it from the Committee on Finance but it did not fully reflect his views regarding the relation which silver should bear to the monetary circulation of the country or world. He declared himself at all times and in all places the firm and unwavering advocate of the free and unlimited coinage of silver. In view, however, of the great diversity of the views prevailing on the subject and the possibility that by reason of such diversity the session of Congress might terminate without affording the country any relief from the basal and befuddling effects of the demonetization of silver he had joined with the other members of the committee in reporting the bill. He held himself free to vote for any amendment that might be offered which might tend to make the bill a more perfect measure of relief and that might be more in consonance with his individual conditions.

As it was probable that nine-tenths of the business of America depended in one form or other on credit, any system which made dollars of a debt more valuable at the date of payment than at date of borrowing, was a system of robbery. He warmly defended the silver miners from the charge of selfishness in desiring the remonetization of silver.

At the suggestion of Teller, Jones postponed finishing his speech until to-morrow, and the Senate adjourned.

The Senators from the mining States sat close to Jones and gave him the most earnest attention, but an almost equal degree of interest was shown by all the Senators present.

An Accidental Shot.

REDDING, Cal., May 12.—Joe Lewis was accidentally shot last evening by Walter Crotford, with a pistol. The ball entered the breast near the right nipple, passed around the body and lodged in the back under the skin. No serious injury.

A Suicide.

TOMBSTONE, A. T., May 12.—Chief of Police D. W. Gage shot and killed himself last night in a saloon here. He has been indulging in liquor for some time past.

He leaves a widow and four children.

"The Chinese Must Go."

Special to the JOURNAL.

SAN FRANCISCO, May 12.—There was some surprise among the customs officers when the steamer China arrived from Hong Kong yesterday and it was found that there were no Chinese aboard bound for Mexican ports. To-day it was ascertained that 190 Chinese engaged passage on the China for Mexican ports but before the steamer sailed from Hong Kong a cablegram was received there announcing Secretary Windom's order refusing such Chinese permission to transfer to another steamer in this port. The steamship's officials at Hong Kong accordingly denied them passage and refunded their money.

Has the True Silver Ring.

Special to the JOURNAL.

WASHINGTON, May 12.—Senator Plumb to-day introduced a bill providing the unit of value in the United States to be a dollar, and it may be coined of 41 2/3 grains standard silver or 25 8/10 grains standard gold each to be equally legal tender for all purposes. Silver bullion to the value of \$1,000 or more may be deposited at any Mint in the United States to be formed into standard silver dollars or bars without charge.

A "GOAT" at Santa Maria.

Special to the JOURNAL.

SANTA MARIA, Cal., May 12.—Early this morning twenty masked men entered the "78" saloon, where E. L. Criswell has been confined since Constable Southard's murderer, and at the point of a gun disarmed and blindfolded the guards. They then bound and gagged Criswell and tying a rope around his neck hung him to the rafters and left the body there. Parties were sleeping in the adjoining room but the affair was done so quietly that none of them were awakened.

Sacramento's Streets.

Special to the JOURNAL.

SACRAMENTO, May 12.—The Trustees to-day passed an ordinance calling an election in two weeks to vote on the proposition of issuing \$100,000 bonds to pay for proposed street improvement.

Services Rewarded.

Special to the JOURNAL.

SAN FRANCISCO, May 12.—S. L. Morehead, who gave information which led to the seizure of \$14,482 worth of smuggled opium in April, 1889, has been awarded \$5,000 by the Secretary of the Treasury for his services.

Another Strike.

Special to the JOURNAL.

PITTSBURG, May 12.—Three thousand employees of the National Tube Works Co., at McKeesport, Pa., struck to-day for a ten per cent. advance in wages.

"Said Pasha."

There will be a crowded house at McKeesport to-morrow night. The box office is nearly filled already.

Though "Said Pasha" has never been classed as a great work, still, before its days have passed, it will have given an hour of fun and pleasure to many people. "Said Pasha" is a comic opera in two acts. Its music was written—perhaps arranged would be a better word—by Richard Stahl, a young composer who is not unknown in the country, and Scott Marble wrote the libretto. Between them they have created a bright and musical little work which, if signs go for anything, is destined to become popular. When one goes to hear a comic opera he wants to listen to music that will lingers by him, music he can sing and whistle. "Said Pasha" is such an opera. Its music does not bear the stamp of originality; in fact, it is quite the opposite of original. It is a crazy quilt, a thing of "shreds and patches," as Gilbert would put it. In its many waltz songs it reminds one of Strauss. But Mr. Stahl, in arranging and re-writing his music has used considerable taste and skill, and therefore the music can be heard with pleasure, even while one admits that it is not new. The book is a good frame for the musical setting and has the merit of originality.

As its name bears witness, it is a Turkish opera, giving scope for elaborate costuming. The opportunity is not lost, the costumes throughout the opera being rich and tasteful.

As it was probable that nine-tenths of the business of America depended in one form or other on credit, any system which made dollars of a debt more valuable at the date of payment than at date of borrowing, was a system of robbery. He warmly defended the silver miners from the charge of selfishness in desiring the remonetization of silver.

At the suggestion of Teller, Jones postponed finishing his speech until to-morrow, and the Senate adjourned.

The Senators from the mining States sat close to Jones and gave him the most earnest attention, but an almost equal degree of interest was shown by all the Senators present.

TOMBSTONE, A. T., May 12.—Chief of Police D. W. Gage shot and killed himself last night in a saloon here. He has been indulging in liquor for some time past.

He leaves a widow and four children.

The Flag and the Public Schools.

The Youth's Companion, in one of its issues of more than a year ago, set forth the idea of the flag and the public schools. The idea is becoming popular, and the American flag can now be seen floating over many a patriotic school.

The Youth's Companion now asks the privilege of floating an American flag (at its own expense) over one public school house in each of the forty-two States.

Which one of the schools in each State shall have the flag?

The scholars in any of our public schools, wishing to secure the flag for their school, can compete for it in the following manner:

They are invited to write an essay, of not more than 600 words in length, on "The Patriotic Influence of the American Flag when Raised over the Public Schools."

These essays are to be handed to their teacher for examination. The essay selected by the teacher as the best may be forwarded to The Youth's Companion on or before April 1, 1890.

Each essay sent to us must be accompanied by the name of the school, the author, and town and State.

The school in each State sending us the best essay on the subject will receive from us, free of all expense, a regulation bunting flag, nine by fifteen feet in size—forty-two stars.

The awards will be made as soon after April 1st as possible, in season for the schools to dedicate the flags on the Fourth of July, 1890.

As soon as the award of flags has been made the Youth's Companion will publish the names of the schools receiving them, also the names of the writers of the essays.

The Reno JOURNAL has a four-column article on grape culture in Nevada. The State Board of Trade has been making inquiries and find that grapes are grown in small quantities all over the State, though no care has been taken of them.—SUSANVILLE ADVOCATE.

BREVITIES.

W. E. F. Deal, of Virginia, is in town. U. S. Marshall Moore was in town yesterday.

Get your seats for the theater to-morrow night.

Tremor Coffin came down from Carson last night.

Snowing on the mountains and raining at Colfax Sunday last.

An assessment of 50 cents per share has been levied on Sierra Nevada.

Gov. Stevenson departed for San Francisco on Sunday night's train.

J. N. Evans went below Sunday to promenade Market street for a week.

The Humboldt river at Elko is higher than it has been for many years.

No. 4, due last night at 9:50, will not arrive at Reno until 8 o'clock this morning.

The Elko public school will close the last day of this month for the Summer vacation.

Ben Shearer is getting ready to build himself a new and handsome cottage home.

The \$200,000 Public Building bill for Ogden has been favorably reported to the House.

Col. Bob Morrow made a flying trip to the Comstock Sunday and returned to the Bay yesterday.

Capt. J. B. Overton, Supt. of the V. & G. H. Water Co., was a passenger for the Bay Sunday evening.

The stockholders of the Union Building and Loan Association will meet this evening at 8 o'clock at Folsom & Wells' store.

All consumers who are indebted to the Reno Water, Land and Light Co. must pay up immediately or the water will be shut off.

The Nevada flag, offered by the Youth's Companion, has been awarded to Miss Lillian White, of the Virginia City High School.

Rev. C. L. Fisher and daughter, Mrs. Burner, returned from Vermont on Sunday and were warmly welcomed home by Reno friends.

Mrs. George Brewer has sold her ranch in Lamoille valley to M. D. Bowen, formerly principal of the Tuscarora Public Schools.

Those who indulge in fine wines, liquors or cigars, are directed to the Arcade saloon card in another column. Harry Davis is the presiding officer and knows how to treat customers.

The new Baptist Church will be dedicated Sunday, May 25th. One of the strongest men in the denomination will be here to preach the dedicatory sermon. The Methodists and Congregationalists will give up their services on that day and join in this service.

Personal.

M. F. Tarpey, accompanied by his friend Mr. Fox, came up from San Francisco yesterday morning to meet J. V. Coleman, who is en route to his home in California, and who is a candidate for the Democratic nomination for Governor. Although a young man he is well versed in Statecraft, and would do honor to the position should he be so fortunate as to secure it. Mr. Tarpey is the gentleman who placed Thurman in nomination for Vice President at the St. Louis Convention, and he flung the red bandana banner to the uttermost top of the roof. He is one of the best politicians in the Democratic party of California, and his friendship for Coleman is a significant straw.

The Raging Truckee.

The Elko Free Press relates this: The Truckee river is out of its banks and many ranches on the Truckee Meadows are under water. Uncle Jimmy Clark of the Depot Hotel, who kept Clark's Station, between Reno and Wadsworth, in early days, says he remembers seeing the entire Meadows under water in 1867. The volume of water coming down the Truckee that Spring was so great that the channel at the mouth of the canyon could not carry it, and it was backed up for a number of miles, forming an immense lake. After the waters receded great tree stumps were left high up on the sides of the canyon, marking the track of the turbulent river.

Judge Sabin's Funeral.

It has been arranged that the funeral will take place, at Carson, Thursday afternoon, under the auspices of Custer Post, G. A. R., of Carson. State Controller Haltoc came down from Carson last night intending to go to San Francisco to escort the remains back to Carson, but the delayed train will compel him to remain here and receive them at Reno to-morrow morning. O. M. Mitchell Post, of Reno, has been invited to attend the funeral obsequies.

K. of P. Delegates.

At a meeting of Lyon Lodge, No. 12, K. of P., held Wednesday evening, the following Past Chancellors were elected: Representatives to the Grand Lodge to be held at Carson City in June next: W. H. M. Cobb, J. A. Bouham, Geo. E. Jaqua, O. A. Brooks, Geo. P. Randall, W. J. Douglass and Chas. Lindau.

Carson River Volume.

A measurement of the water flow of the Carson river by United States Engineers shows a volume of 2,500 cubic feet—equal to 125,000 miners' inches, at Rodenbach's, and 30,000 at Woodford's.

Paint your house with the best mixed paints. Sold by Lange & Schmitt.

DROWNED.
A Man Found in the Truckee River Just Below the Asylum.

Yesterday forenoon Coroner Peers was informed that the body of a man had been discovered in the Truckee river just below the Insane Asylum, and, accompanied by undertaker Sanders, Mr. Peers drove down the river and took the body out of the water and brought it to town. Deceased, who had evidently been in the water but a short time (probably less than 24 hours), was about 45 years of age, 5 feet 9½ inches in height and would weigh about 165 pounds. His complexion is light, with side-whiskers and moustache. Upon his person was found a silver hunting case (key wind) watch, movement No. 106,977 of the Bradford Watch Co.; on the inside cap was the following: XIXCM Feb. 27, 1881; in the back of the case 20,184; and 27.0.

AN IRRIGATION SCHEME

For Improving Humboldt River Land. The Southern Pacific Company, says the Silver State, is reported as negotiating with an English syndicate for the sale of the company's lands along the Humboldt river, with the understanding that \$2,000,000 or more should be expended in building storage reservoirs and irrigating canals.

Should this sale be consummated and artificial lakes made along the river in which the water now going to waste could be saved, the Humboldt valley may be transformed in a few years from a sagebrush plain into a rich agricultural region producing all the cereals, fruit and vegetables of the temperate zone.

This is the scheme Hon. W. H. Mills told about in his address at the organization of the Nevada State Board of Trade.

Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhoea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle.

Internal Revenue Taxes.

Last Saturday's Silver State contains the annexed:

The receipts for internal revenue taxes average about \$1,000 per day at the present time. Captain Bissell, Deputy Collector, says they amounted to over \$1,300 yesterday and to over \$1,000 the preceding day.

As there is not a postoffice in the State that can cash postal orders daily for such amounts the gamblers in the western part of the State will understand why the Revenue Collector requested that express orders or checks, which would be cashed at the First National Bank here, be sent in payment of taxes when convenient.

Land Contests.

The Elko Free Press says:

There are between 90 and 100 contested cases certified up to the District Court of Elko county from the State Land Office at Carson City. These cases involve considerable land and persons interested should attend to their contested cases within thirty days after notification.

The Luck of Eliza.

Eliza A. Dunfield, of Nevada, clerk in the Indian Affairs Office at \$900 per annum, has been promoted to \$1,000.

The Native Sons of California have decided against allowing any organizations outside of that State, as the proposed Parlor at Reno will not now be organized.

Sorry to hear it, as we wanted to join the Reno organization.—Elko Free Press.

KISSED ANOTHER MAN'S WIFE.

"You scoundrel," yelled young Jacob Green at his good neighbor Brown.

"I only kissed my wife upon the street—

I didn't know you down there."

"That's where you're wrong," good Brown replied.

"It's a scoundrel and a scoundrel."

"But I kissed her on the cheek—

and I did so because she looked so handsome—the very picture of beauty and health. What is the secret of it?"

"Well," replied Green, "since you ask it, I will tell you: she uses Dr. Pierce's Favorite Prescription."

"I accept your apology, Dr. Green."

"An unhappy woman is rarely, if ever, beautiful. The peculiar diseases to which so many of the sex are subject, as prolific causes of pale, sallow faces, dull, listless eyes and emaciated forms, women so afflicted can never be really attractive."

"Dr. Pierce's Favorite Prescription:

and with the restoration of health comes that beauty which, combined with good qualities of head and heart, makes women angels of loveliness."

"Favorite Prescription" is the only medicine ever made by druggists under a positive guarantee from the manufacturers, that it will give satisfaction in every case, or money will be refunded. It is a positive specific for leucorrhœa, painful menstruation, unnatural suppurations, prolapsus of falling of the womb, prolapsus of rectum, rectal prolapsus, bearing down sensations, chronic congestion, inflammation and ulceration of the womb.

250 Beautiful Lots For Sale!

A RARE CHANCE FOR AN INVESTMENT AND A HOME

THE MOST LOVELY PORTION OF RENO.

Facing the Truckee - The Aristocratic Avenue Riverside Driveway - Splendid Sewerage - Healthy Location and Safe From Fire.

The proprietor is now ready to receive proposals for lots in Powning's Addition. The map gives a good idea of the tract, which is situated between the Central Pacific Railroad and the Truckee River, and commences on the west at a point three blocks distant from Virginia Street, making it the most central and convenient of any portion of the rapidly growing town of Reno. Unlike any other part of the town this Addition faces the beautiful Truckee River and Riverside Avenue is certain to become the fashionable driveway of the country. The streets are 80 feet wide, while Riverside and Keystone Avenues are intended to be 100 feet in width. All alleys are 20 feet wide. The soil is a rich gravelly loam, and susceptible of the highest state of cultivation. Being situated as it is it is more safe from fire than any other section. The regular lots are 50x140 feet. The sewerage is perfect.

Before Buying Elsewhere Parties will do Well to Look at These Lots.

RENO

Reno's geographical position is excellent. It is on the line of the Central Pacific Railroad, only 154 miles from Sacramento, and 244 miles from San Francisco. It is the terminus of the Virginia and Truckee Railroad running south, and of the Nevada and California Railroad running north. It has two Flouring Mills, Planing Mills, three Nurseries, a Soap Factory, Reduction Works, and other industries. A great Woolen Mill and a Sash, Door, Blind and Box Factory, are about to be established.

Reno has the Bank of Nevada with \$300,000 capital, and the First National Bank with \$200,000 capital. It has two fine papers in the DAILY and WEEKLY NEVADA STATE JOURNAL and the Daily and Weekly Gazette.

Reno is the natural home of the Alfalfa, and therefore the great cattle headquarters of the State. Here are fed the prime beef for the California market. Reno potatoes are the best in the world, and she also excels in Strawberries and the small fruits. Reno Wheat took the first prize at the great New Orleans Exposition.

The State Fair is always held at Reno.

Reno is the County Seat of Washoe County, the wealthiest county in Nevada.

RENO!

Has 5,000 Population and is

Growing Rapidly.

The Loveliest Town!

The Cleanest Town.

The Wealthiest Town!

The Healthiest Town!

RENO.

Is Supported by the Richest Farming Country of Nevada, Northern California and Southern Oregon.

RENO

Has no equal in Nevada or California for salubrity of climate, wealth of soil, diversity of products and stability. Situated in the very heart of the celebrated Truckee Meadows the future of Reno is assured. Reno is the City of Homes. There is not a house to rent in Reno. New buildings are occupied as fast as erected. Reno has advantages which no other town can equal. The climate is mild and genial in Winter, and even and healthful in Summer. There are no excessively heated or severely cold terms, and while the days may be warm in Summer the nights are deliciously cool; in Winter sleigh-riding is the exception and not the rule.

Facilities for irrigating surpass any in the State and there is no failure of crops. Reno has Churches of all denominations, Bishop Whitaker's School for Girls, Mt. St. Mary's Academy, the State University, and splendid Public Schools.

The Reno Water Co. furnishes ample pure, cold water for all purposes. The Reno Electric Light Co.'s electric light system, already well established, is being augmented. The Reno Gas Co. supplies gas for all purposes. The streets of Reno are lighted by electricity.

RENO!

Is the Railroad Center of Nevada.

RENO

Is the Educational Center of Nevada.

RENO

Is the Healthiest Town in Nevada.

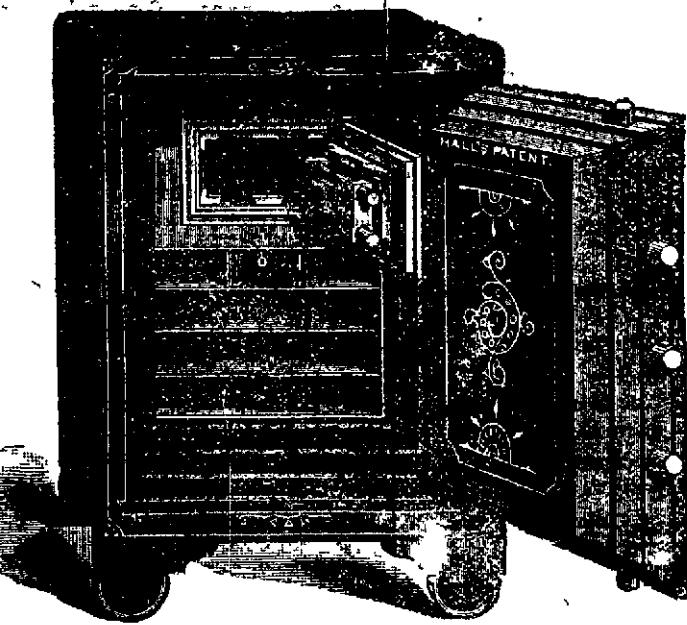

RENO

Is Great, and Alfalfa is King!

RENO PROPERTY

Is the Cheapest on the Coast in comparison with that of other cities.
